DETAILED ACTION

Drawings

The corrected or substitute drawings were received on 18 October 2002. These drawings are approved.

Allowable Subject Matter

Claims 5-8 are allowed.

The following is an examiner's statement of reasons for allowance:

Examiner notes the obvious typographical error in Applicants' arguments submitted 18 October 2002 referring to claim 1, which has been cancelled. Examiner has assumed these arguments to be directed to claim 5 of the instant application as all pending claims depend thereon. Examiner finds these arguments persuasive. Specifically, Examiner concedes that the limitation "said conductor tracks not having rated breaking points, not being severed in the region of said binding window and contacting said bonding pads" in conjunction with the other claimed features, was not found to be disclosed in nor suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
